

In regards to the LPFM stations expansion and take over of current FM translator services...I would like to tell you what affect that would have on our lives. K-Love is the inspiration our family needs ALL DAY LONG! Keeps us focused...attempting to live within the commands of God. Keeps us connected with family in other states also listening to K-Love. I don't know of another station that does as much good for the publis as K-Love does. I don't know of another station that has changed the lives of so many by prayer, music, and positive insight and encouragement...WITHOUT ADVERTISEMENTS!! Please do not let K-Love disappear.
